16 Executive Council Bill # 7

UNIVERSITY OF COLORADO
STUDENT UNION

Authored by: Richard Bourie, UCSU Research Commissioner
Sponsored by: Law School Representative: Rick Wagner
Representative-at-Large: Karen Hansen

A BILL

Places a referendum question on the ballot to direct the UCSU to have the Intercollegiate Athletic program of the University of Colorado placed under the jurisdiction of the Boulder Campus and removed from the jurisdiction of the Central Administration. In that the students of the University of Colorado at Boulder pay a disproportionate share of the cost for the intercollegiate athletic program and in that this program is located at the University of Colorado at Boulder, such a move will allow for the creation of a student oversight committee to ensure that programs are consistent with the desires of those who fund said endeavors.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: The Election Commission is hereby directed to place the following referendum question on the ballot of UCSU Election XV B to be held 12 and 13 November, 1981:

"Should the University of Colorado Student Union direct that the Intercollegiate Athletic program of the University of Colorado be moved that the jurisdiction of the Central Administration to that of the Boulder Campus in that the students at UCB pay a disproportionate share of the costs and should play a role in the management of these programs."

YES ☒ NO ☐ "

SECTION 2: This referendum shall be placed upon the ballot of UCSU Election XV B upon passage of this bill.
