A BILL

BILL SUMMARY

Provides for an ad hoc Publicity Committee.

BILL HISTORY

It is generally acknowledged that the University of Colorado Student Union suffers from a lack of communication with the average union member, or student. This is reflected by low voter turnout and a lack of member participation in various UCSU activities, campaigns, services, etc. A means must be found, whether in publication form or otherwise, to alleviate this problem. The ad hoc publicity committee would study this problem and recommend the proper action(s) to be taken.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

- SECTION 1: Ad ad hoc Publicity Committee will be formed by Executive Council for the purpose of furthering UCSU outreach efforts.
- SECTION 2: The Publicity Committee will consist of five Executive Council Representatives to be chosen by Executive Council as a whole, the UCSU Public Relations Director and three students for the general UCSU membership, to be chosen by the Publicity Committee.
- SECTION 3: The Publicity Committee will study the problems and possible solutions and report back to Executive Council no later than September 1st 1983.
