**A BILL**

---

**BILL SUMMARY**

Defines the UCSU DIMENSION as publicity brochure.

---

**BILL HISTORY**

For the last two years, UCSU, through the Publicity Committee, has produced the DIMENSION. The DIMENSION is an elaborate advertisement in the form of a publicity brochure that contains non-editorial information on our student union's activities. The DIMENSION acts as an extension of the committee; to inform our constituency of our actions. It is a recruiting device that compels them to listen, think and then respond through the proper channels, whether it be a letter to the editor of a publication or open forum at Executive Council. It promotes and encourages participation in government; the primary purpose for which the committee and the DIMENSION were founded. It's form is a result of the most economical and appropriate methods of its purpose. We appreciate the concern of Finance Board with respect to the definition of a publication, according to the student fee guidelines, Section II, Part C. which the DIMENSION IS NOT.

---

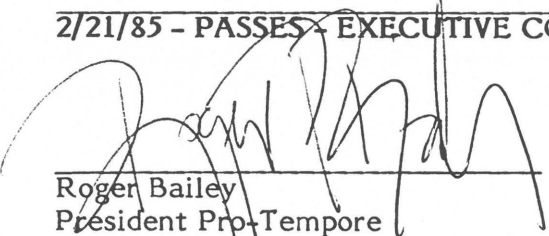

**BE IT ENACTED** by the Executive Council of the University of Colorado Student Union, **THAT:**

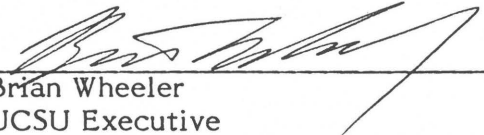

**SECTION 1:** The UCSU DIMENSION be defined as an elaborate advertisement in the form of a publicity brochure.

**SECTION 2:** The legislation shall take effect upon passage.
