A BILL

---

BILL HISTORY

Rapline was established in 1970 through the aid of Psi Chi, Clearing House, UCSU, and Wardenburg to provide a contact base for short term paraprofessional counseling and crisis intervention. The organization is administered and staffed by students. The training process includes an extensive (weekend) training, a manual, and a semester-long training program. Operating expenses are covered this year but to increase the effectiveness of the organization and to reach more people, more funds are required. In the past, advertising and manuals have been paid for by the staff members.

Currently, Rapline is in the process of establishing a library for its counselors. Asking the Staff to pay for this would be another added expense expected of a volunteer. Due to the increase in calls, up 40% over two years, Rapline feels that the service to the campus and community could be increased (effectiveness and the number of people reached) through increased advertising.

Attached is the breakdown of the monies requested.

---

BILL SUMMARY
