A BILL

---

BILL HISTORY

In the past, Council has sponsored many students to attend educational conferences and workshops. While most participants promise to reach out to the student body and share their experiences, very rarely do we see results. Council has recently amended many such bills to include a section requiring the writing of an editorial by the participant. This legislation will formalize this requirement and make the editorial mandatory.

---

BILL SUMMARY

All students who receive funding from UCSU to attend educational conferences shall be required to submit editorials to all campus papers.

---

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: All students who receive funding from Executive Council to attend a conference or workshop which has an educational or informational emphasis shall write and submit editorials to all the campus newspapers within three weeks of their return.

SECTION 2: The above section shall automatically be inserted in any bills requesting money for participation in an educational conference.

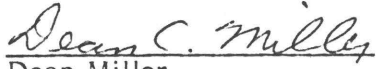

SECTION 3: If Council finds that the above requirement has not been adhered to, Council will deny funding for one year, to that person and the student group they represent.

SECTION 4: This Bill takes effect upon passage.
