A BILL

BILL HISTORY

The Free South Africa Committee is sponsoring series of lectures on March 3, 4, and 5, 1987. We will be bringing three speakers; Ntathu Mbatha, Donald Will and George Shepard to speak at C.U. on the present situation in the white dominated country of South Africa. Ntathu Mbatha is a native of South Africa and a member of the African National Congress, a group dedicated to the abolishment of the separatist government in South Africa called apartheid. Mbatha has spoken at many forums throughout the country, including a presentation before the United Nations. She will be talking about the ANC's role since they were banned in the 1960's and debunk some of the myths commonly held by the Americans about the organization.

Donald Will is currently finishing his graduate work at Denver University on Israel and South Africa Relations. He has done extensive research on South Africa and has published a number of works. Will has worked for the United Nations on Middle Eastern affairs.

Dr. George Sheperd has been a professor at the Graduate School of International Studies at the University of Denver for the last twenty-two years. Dr. Sheperd received his Ph.D. from the London School of Economics. His fields of specialization are international politics, third world politics, Africa and human rights. Dr. Sheperd is widely published. Recently, his articles have appeared in Current History, New Republic, and Third World Development. Two other speakers will be included in the conference. They will be sponsored by the New Jewish Agenda. We will include their names in our advertisements of the lecture series.
