A BILL

BILL HISTORY

The University of Colorado Student Union is a representative government of the student body, charged with the responsibility of serving the students and their needs. To be an effective student government on a campus the size of ours, a conscious and aggressive approach to seeking out those needs of the student must be undertaken. In an effort to facilitate the input needed to keep UCSU in tune with the concerns, ideas, and needs of the student population, and provide better representation, a formal interface must be established.

The Student Roundtable is a group of students drawn from different aspects of campus representing a variety of interests concerned with their University and their student government. The Student Roundtable will consist of 7 to 10 individuals assembled for innovative and thought provoking dialogue with the purpose of idea generation guided towards making UCSU more responsive to the needs of the students.

The prerequisites to sit on the Student Roundtable are simple. One must be enthusiastic, creative, and have an earnest interest in the campus and its betterment. In an effort to get "outside" of UCSU and hear the voice of other students, no member may have a current formal relation to UCSU. Members of the Student Roundtable will be appointed by the Appointments Committee for a one semester term. A chair of the Student Roundtable will also be appointed by the Appointments Committee.

The Student Roundtable will meet once monthly during the semester and it will be the responsibility of the Chair to submit a written report to the Executives, Executive Council, and the UCSU Staff. All written reports will be permanently filed for UCSU use and consideration for future feasibility and implementation.

BILL SUMMARY

This Bill shall allocate an amount not to exceed \$327.00 to go towards publicity soliciting applications for the newly created Student Roundtable.
