### DESCRIPTION OF EVENT

The Holocaust Commemoration Week is a week-long event in remembrance of the Holocaust with emphasis on programs, speakers, and film. The goal of this event is to bring an awareness to the Boulder campus and community of the events that took place before, during, and after the Holocaust.

Last year, we had an average of 70 people in attendance for every workshop/lecture held, as well as 225 people in attendance for Raul Hilberg, our keynote speaker. We are looking forward to another successful event, and encourage your sponsorship.

This year's programs will be similar to those in the attached program booklet. In addition, our program will include a workshop and lecture to address current issues regarding racism on campus and nationally.

As in the past, all events will be FREE to students and the public.

SPEAKERS:

1. Dafna Soltes	\$1200.00 + expenses *
2. Dr. Nechama Tec	\$500.00 + expenses

1. Dafna Soltes performs a one-woman play (1.5 hrs), "The Story of Hanna Senesh". It is the story of a courageous young woman who tried to help her fellow mankind, but was captured by the Nazis and eventually executed at the age of 23 years. This Off-Broadway production of oral diaries, letters and poetry is presented through music, song, dance, and poetry by Ms. Soltes.

Dafna Soltes received her Bachelor of Fine Arts degree from Bard College and is a certified movement analyst. She currently teaches at the Libanyu Institute of Movement Studies in New York city, where she teaches dance rotation movement theory to dancers, actors, and therapists.

2. Dr. Tec is the author of Dry Tears: The Story of a Lost Childhood (Oxford University Press) and When Light Pierced the Darkness: Christian Rescue of Jews in Nazi-Occupied Poland (Oxford University Press). She addresses a variety of topics, including an autobiographical account of her years as a child during the Holocaust in Poland and resistance during the war.

See last page for comprehensive financial breakdown

She is an Associate Professor of Sociology at the University of Connecticut, Stamford Campus, where she teaches courses on the Holocaust. Dr. Tec was sheltered by Christian Poles during the Nazi occupation. For three years, between the ages of 11-14, she lived under an assumed name, masking her Jewish identity and pretending to be a Catholic girl.
