A BILL

BILL HISTORY

The 15th Annual National Association for Chicano Studies will be held April 9-12 at the Salt Lake City Sheraton Hotel in Salt Lake City, Utah. Approximately 380-450 participants from academe and the Chicana/o communities in the U.S. will attend this conference.

The National Association for Chicano Studies arose in 1972 in order to encourage a type of research which it felt could play a key part in the political actualization of the total Chicano community. Issues included in this year's conference will be: border politics, culture, education, gender, arts, public policy, literature, and international affairs.

Students attending the conference will be provided with an opportunity to experience an understanding of their identity in a consciousness-raising event about their role as minority students in institutions of higher learning, such as C.U. Boulder.

Three Chicano Studies students from the University of Colorado at Boulder, will help promote the interest shared by this university of fostering a multicultural-oriented presence in our community and campus.
