A BILL

BILL HISTORY

The Cultural Coordinator position was recently created by UCSU to serve as a catalyst to stimulate and consolidate student involvement on the campus, state, national and international levels. A Coordinators, we feel there is a pressing need to develop a comprehensive college program designed to build upon the cultural and political diversity on campus. We are also interested in promoting greater interaction between students, student groups, and student government on campus.

A student group informational booklet was designed specifically to achieve the aforementioned objectives. It provides a set of evaluation criteria that serve as a means for measuring the overall effectiveness of political and cultural programming on campus. In addition, a list of guidelines and recommendations on how to organize and coordinate an event is included (please see enclosed booklet).
