A RESOLUTION

---

WHEREAS: It is no secret that the tuition hikes of anywhere from 92% to 119% at CU over the last six years have put the pinch on many students, regardless of who pays their tuition; and,

WHEREAS: It is the concern of many in the University community that many students or prospective students are being "priced out of the market" by these steep increases--highlighted by jumps of 10.1-25% last year. CU is without a doubt becoming an elitist institution--as shown by a high percentage of out-of-state students and an ever decreasing minority student population. This trend is detrimental to the diversity of CU, and therefore the academic atmosphere of the University; and,

WHEREAS: Another major concern is that CU is becoming too dependent upon tuition dollars; over 1/3 of the total bill is funded by tuition, a figure even the CU Administration figures to be too high; and,

WHEREAS: With all this in mind, it is imperative that UCSU join with the students of CU in calling for a tuition freeze for 1987-88,

---

THEREFORE BE IT RESOLVED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: UCSU recognizes the need for academic excellence and quality services. However, this institution of higher education has become far too tuition-dependent.

SECTION 2: Therefore, we unequivocally support a tuition freeze for 1987-88.

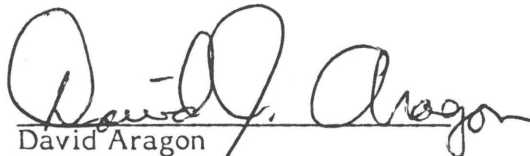

SECTION 3: We also support a rollback of all differential tuitions.

SECTION 4: This legislation takes effect upon passage.
