RE: 26 ECB #1 - Mujeres Activas En Letras y Cambio Social

The 1987 M.A.L.C.S. Summer Institute will be held on the UC Davis campus July 26 - 31, for students, faculty, and community members.

This year's one week session is intended to achieve four goals: 1) develop the research and professional skills of Chicana/Latina scholars; 2) encourage interested women who are undergraduates, graduate students, or working in academia to conduct research and writing on Chicana/Latina issues, needs, and interests; 3) provide information on the latest research on Chicanas/Latinas; 4) enable Chicana/Latina scholars who already have work-in-progress to move significantly ahead toward preparation of their works.

There will be five different types of activities during the summer workshop. Every morning, there will be five different workshops relating to academic/professional strategies. Tentatively scheduled are workshops in the following areas: 1) Dissertation Development; 2) Creative Writing; 3) Tenure Strategies; 4) Teaching and Curriculum Development, and 5) Persuing Graduate Studies. Participants may attend the same workshop all week long, or attend different workshops each day as desired.

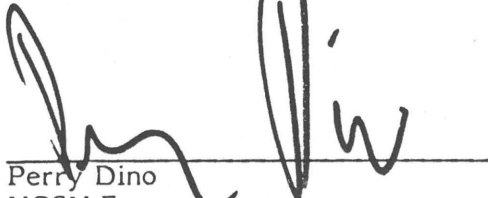

Afternoon sessions consist of on-going research development on such topics as 1) Literary Criticism, 2) Women and Work, 3) Chicana Historiography, 4) Immigration/Migration Issues, 5) Women and the Family, 6) Women and Education, and 7) Women and the Arts. Participants are also urged to bring any work-in-progress that may be shared, discussed, or prepared during the stay at the Davis campus.

M.A.L.C.S. is affiliated to the National Association for Chicano Studies, which will hold its annual conference in April 1988, at the University of Colorado at Boulder. Since its incertion in 1972, the association has served to further the development of Chicano Studies by providing a forum for Chicana/o academics, researchers, students and community members.

Students attending this week-long conference will be introduced to a diversity of topics and issues that can prove essential in promoting the interest shared by C.U. Boulder of fostering a multi-cultural oriented presence in our community and campus. The students attending the Summer Institute would like to have a workshop in the Fall 1987 Semester that will orientate any interested C.U. student in progressive research methods and benefits.

BILL HISTORY

Last year (1986) UCSU sponsored a Bill which funded a picnic given to the Native American Upward Bound Program. Active in this event were many UCSU members. In addition to enjoying the festive environment, students were introduced to New Games. All participants were sensitized to different cultures. In turn, this helped to disperse negative stereotypes that might have existed.

On July 10th, 1987 from 6:00-7:00pm we have a unique opportunity to bring together, not only the Native Upward Bound Program but also the Pre-Collegiate Development Program, a new program called The Tribes. It is our plan this year to invite these program participants to an Ice Cream Social. Again, its purpose is to sensitize all students to different cultures. The Social shall contain leadership speeches from the following: Eddie Pacheco, Jessica Fowler, Angela Martinez and Mike Callahan. Also, the Executive Council staff as well as Executive Council Representatives will be available to any student pursuing interests toward leadership and/or higher education. We encourage all UCSU members to participate.

BILL SUMMARY

This Bill shall allocate an amount not to exceed \$178 + GAR to host an Ice Cream Social for 160 pre-collegiate students on July 10th, 1987. Its purpose is to create positive social ties between the University of Colorado students and incoming minority students.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

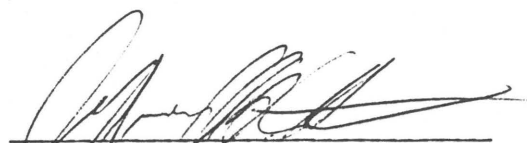

SECTION 1: \$178 + GAR shall be allocated from the Central Reserve account for an Ice Cream Social.

SECTION 2: The money shall be broken down and spent as follows:
Serve ice cream for 144 students
4 dozen brownies
4 gallons of punch
Chairs and microphone rental
Total

\$178 + GAR

A BILL

BILL HISTORY

During the past academic year many inroads were established in the areas of minority awareness, minority recruitment and retention, and minority social and cultural programming. Integral in these efforts was the Black Student Alliance along with many other concerned students and faculty. In the coming months it is the goal of the Black Student Alliance to continue to build upon the cooperation and understanding achieved during the 86-87 school year. In furtherance of these efforts, the Black Student Alliance has scheduled a meeting and reception for July 31, 1987, from 7 pm to 10 pm to be held at the University Club. The objectives of this meeting are threefold. First, to strengthen the contacts between the several minority based organizations at the University of Colorado and key student leaders, second, to provide a forum for the Black Student Alliance and other minority groups to outline their goals and programs and to seek input with regard to the same. Lastly, to foster productive and lasting relationships between the University and members of the business community. To date the Black Student Alliance has received verbal commitments to attend from Governor Romer's Office, Mayor Pena's Office, Mr. David T. Goens, ESG., State Senator Regis Groff, Mr. Ken Hamblin, Mr. Perry Jones, and State Representative Samuel Williams. The Black Student Alliance will also invite representatives from Student Organizations, University of Colorado Administration and University of Colorado Faculty and Staff.

BILL SUMMARY

This bill shall allocate an amount not to exceed \$610 from the Central Reserve to partially cover the costs of the meeting and reception planned by the Black Student Alliance in their efforts to improve minority affairs at the University of Colorado.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: An amount not to exceed \$610 + GAR be transferred from the Central Reserve to the Black Student Alliance in order to fund the meeting/reception on July 31, 1987, at the University Club.

A BILL

BILL HISTORY

During the budget cycle for preparing the UCSU budget for 1987-88 there were significant problems in determining how the Local Schools Council would get money to allocate to student groups. After the Iran-Contra, Local Schools hostage-budget crisis, the highly respected Finance Board agreed to suspend the UCSU by-laws, with the help of Executive Council, and allocate an extra \$5,000 to Central Reserve, with the idea that this money would be transferred to Local Schools Council Reserve after July 1, 1987.

Local Schools has proven, particularly in the past year, to be a viable source of funds for student groups and it is in the best interest of the students and UCSU to make this transfer.

BILL SUMMARY

This bill transfers \$5,000 from Central Reserve to Local Schools Council Reserve.

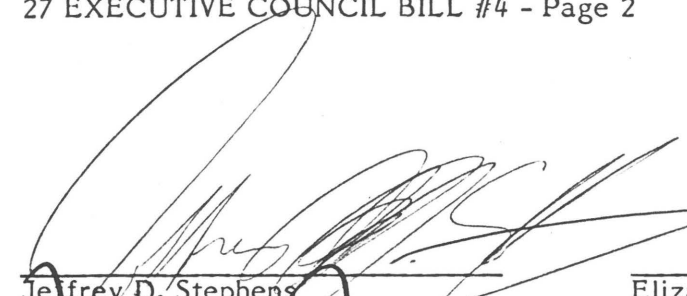

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, **THAT:**

- SECTION 1: That Executive Council allocates \$5,000 to Local Schools with the first allocation to not take place until September 17 when over-collections will be realized.
- SECTION 2: As a provision of receiving this money, Local Schools Council will follow the allocation procedure followed by Executive Council and elect a treasurer to keep track of the money.
- SECTION 3: This bill takes effect upon passage.

BILL HISTORY

This is a proposal requesting funds concerning National Leadership Seminar for the Student group AIESEC - Colorado. The National Leadership Seminar (NLS) is an annual event that AIESEC-U.S. holds for the purpose of training, motivating and educating local committee members. The entire national staff hosts a delegation of 135 students which is comprised of two representatives from each local committee (generally members who have leadership potential and or have a desire to serve AIESEC on a regional or national level) as well as international delegates.

BILL SUMMARY

The event this year will take place in Pawling, New York, August 18-23. The delegate fee will be approximately \$250 per person (not including airfare). This event is unique in that it is the only event that assembles the leaders of AIESEC-U.S. membership for an intensive 6 days: 6 days that have the potential of making a lasting impact on the dedication and involvement of those people who attend. For AIESEC-Colorado NLS is an instrumental program that allows us to maintain our national reputation as well as to exhibit the type of students that are enrolled in the College of Business at the University of Colorado.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: We are requesting the amount needed to cover the Air Fare \$250 plus the 4.6% GAR (\$11.50) coming to a total of \$261.50.

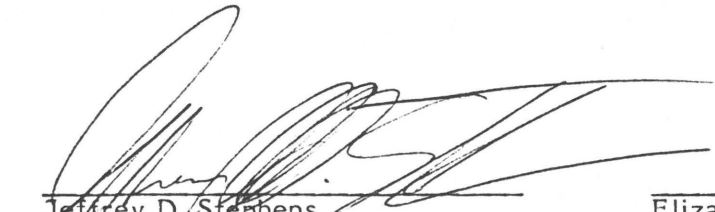

SECTION 2: All student groups who receive special event funding shall submit a written report to be turned in to the Pro-Tempore and kept on file for access.

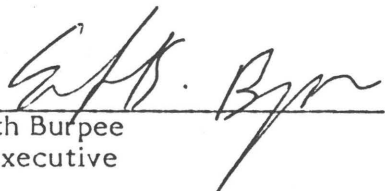

The report shall include the following: 1) General overview of the events and the phases of that event, 2) attendance of all phases of the event, 3) did the group sponsoring the event feel they accomplished their goals set forth prior to the event, 4) a detailed account of expenditures.

This report shall be submitted within 30 days of the end of the event. Failure to do so may jeopardize future funding from UCSU Executive Council.

Dr. Norman Myers is an international Consultant in Environment and Development. He is presently engaged to spend a full day speaking and leading workshops at CU October 12, 1987. Issues such as CO2 build-up, Ozone depletion, climate changes, toxic-waste management, soil erosion, mass extinction, and tropical deforestation are ecology topics central to present political, economic, ethical, and environmental strategies; Dr. Myers is fully versed in all these areas and will cover them in his day workshops and evening address -- Global Ecology: Causes, Consequences, and options to Disaster. Dr. Myers is a very dynamic speaker who is becoming increasingly important to several of the world's largest development institutions. He is presently consulting for USAID, World Bank, and the United Nations. His book, Gaia: An Atlas of Planet Management, is considered a landmark work in exploring the interconnectedness of global ecological processes. The Sinking Ark is his much referred to book on species extinction, and The Primary Source: Tropical Forests and Our Future is also widely read. Hosting Dr. Myers is one more brick in the reputation CU is building as a national forum for debate on issues of environmental health and development.

BILL SUMMARY

This bill allocates \$601.24 for advertising for the Norman Myers program.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

- SECTION 1: An amount not to exceed \$601.24 be allocated from Central Reserve to fund advertisement for the Norman Myers program through the Boulder Rainforest Action Group.

A BILL

BILL HISTORY

A tradition was started two years ago when the Athletic Departments at both University of Colorado and Colorado State University came together and agreed to a yearly contest between the two football teams. This decision was aided immensely by the state legislature, students and citizens of the State of Colorado. In its short two year history this contest has become an exciting rivalry especially with the victory CSU enjoyed last year over CU.

This year the contest will be held in Fort Collins on October 3, 1987. This is the Buffalos first visit to Fort Collins since the yearly matchup has been reinstated. Last year and the year before the Rams of CSU packed Folsom Stadium with crowds in excess of 35,000. Only Nebraska, Oklahoma and Ohio State accomplished similar feats. Thus, it is the goal of various officials within the Athletic Dept. and CU Administration to return the favor and pack the house at CSU.

A huge advertising blitz will be underway shortly calling for students, faculty and staff to support the Buffalos and attend this game in Fort Collins. This Bill calls for UCSU to allocate \$1198.80 to a special events account designed to assist students in their transportation costs. Also, a committee will be formed to organize the buses, advertising and trip details.

Upon passage this committee will also research other funds from the Athletic Department, Administration and Student Groups to assist in transportation costs. The attached chart illustrates methods by which funds can be spent on buses and advertisement.

BILL SUMMARY

This Bill allocates an amount not to exceed \$598.80 + G.A.R. from Central Reserve to a special events account overseen by a special UCSU Committee empowered to organize buses to and from Fort Collins for students wishing to attend the CU/CSU Football Game.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

February 1986 KUCB (formerly KAIR) expensed approximately \$250.00 to enable the only campus radio station to be heard in the UCSU office. The money was spent out of the KUCB budget at the request of UCSU Executive Council. At that time Executive Council promised to buy a receiver and speakers as their part of the agreement. These items have yet to be purchased. Executive Council should follow through on their agreement to KUCB.

A BILL

BILL HISTORY

Throughout the years Women's Line has provided a valuable counseling service to the students of the University of Colorado. Previous operations funding has been from various source ie, the Adminstration, ASSG and SOC. In 1982 ASSG became the sole funding source of Women's Line. However, this year ASSG has decided not to assume responsibility for this service due to other financial obligations. However we feel this organization is beneficial to the entire Student body therefore the responsibility of funding Women's Line should fall upon Executive Council.

BILL SUMMARY

The amount of \$1700.00 + GAR shall be allocated from Central Reserve to Women's Line.

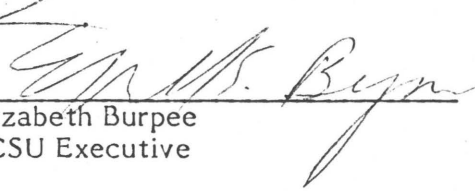

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

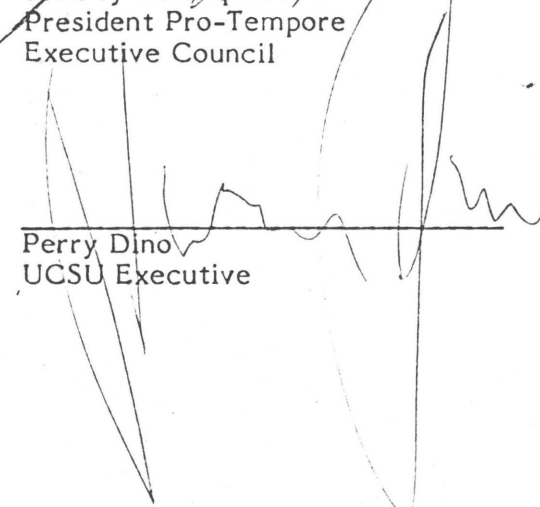

SECTION 1: An amount not to exceed \$1700.00 + GAR be allocated from Central Reserve to Women's Line.

BILL HISTORY

The spending limit imposed upon candidates for office in UCSU elections is designed to assure that all candidates for office are given an equal opportunity to be elected. The UCSU election code is a document whose chief purpose is "to ensure equal opportunity and treatment to all candidates." (Article I, Section 2). During the last six sessions, party backed candidates have had a lock on the elections. This is due, in part, to the unfair spending limits which restrict the campaigning of independent candidates more than party backed candidates who are able to pool their resources and get more for their dollar. The following change in the election code would even out this unfair monetary advantage.

BILL SUMMARY

This bill shall amend the UCSU Election Code.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: The following revisions will be added to the UCSU Election Code and the appropriate sections shall be changed.

SECTION 2: Article V, section 11.1 - add to the existing text after "... campaign team members themselves." :
"Included in this spending limit shall be the total cost of all campaign materials on which the candidates name or representation appears."

SECTION 3: Article V, section 11.3 - add to the existing text after "... will not be accepted." :
"In cases where two or more candidates purchase materials with the names or representations of the same two or more candidates, each candidate will be required to submit a receipt or copy of that receipt and the full amount of that receipt will be assessed against each candidate's spending limit."

SECTION 4: This bill takes effect upon passage.

BILL HISTORY

There has been much talk during the past year about how to make the UCSU election process more fair and equitable for all. This discussion has included as it's topics; the party system, the structure of the election itself, and campaign/candidate spending limits.

The spending limit debate has been of particular interest to everyone, and indeed last spring this body approved a drastic change in the Representative candidate limit from \$250 to \$160. One of the major arguments against lowering the limit was that canddates would not be able to get the word out about the election to enought students and that voter turnout would suffer. This bill addresses there points.

In order that the trend in UCSU continues along the lines of fair play, and giving anyone, well financed or not, the opportunity to run for office, we propose the following.

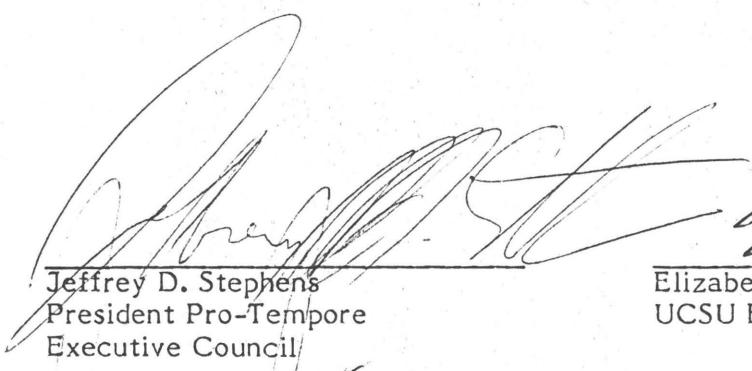

BILL SUMMARY

This bill will change the Representative campaign spending limit to \$140, effective the Fall, 1987 election, and add \$700 + GAR to the Election Commission Budget for Fall 1987, to further publicize the election, and help voter turnout.

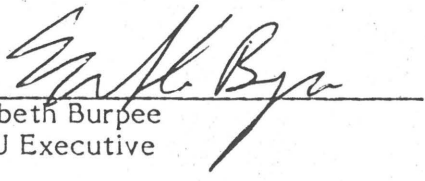

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

- SECTION 1: The UCSU Election Code be changed as follows:
 Section 11.1 of the UCSU Election Code will be changes as follows: "... and \$140 for each Representative Council candidate."
- SECTION 2: An amount not to exceed \$700 plus GAR be allocated from Central Reserve to the Election Commission to further publicize the Fall 1987 Election.
- SECTION 3: This bill takes effect upon passage.

A BILL

BILL HISTORY

The members of the Delta Nu Alpha Transportation Fraternity of the University of Colorado would like to request funds to attend the annual Council of Logistics Management Educational Conference.

This is the only conference of the year in which 2,500 of the most influential executives of the top domestic and international transportation and other major corporations attend. Representatives will be present from such corporations as General Motors, Keebler, United Air Lines, and Proctor and Gamble. There will be numerous workshops covering such topics as: Frontiers & Logistics, Finance & Budgeting, Human Resource Management, Forecasting & Inventory Management, and Electronic Data Interchange Applications. Last year four members of the Delta Nu Alpha Transportation Fraternity had the opportunity to attend this conference. Two of those members, Nicolai Lovenskiold and Cathrine Lind, made contacts with company representatives and were hired by American President Lines and Maersk Shipping line, respectively. Companies such as Pepsi Cola Company, ABF Freight Lines, and Hewlett-Packard Company were so impressed with the four attending members that they came to the University of Colorado campus to interview not only transportation majors, but also marketing, finance, communication, english, and economic majors.

Besides furthering the development and understanding of the Transportation/Logistics Concept, the conference will enable us to gain exposure to the water transportation industry.

BILL SUMMARY

This Bill allocates \$500.00 plus GAR for airfare for two members of Delta Nu Alpha to attend the Council of Logistics Management Education Conference.

A BILL

BILL HISTORY

UCSU Executive Council and the University at large has taken a firm stand in opposing violence and harassment against women. It has actively supported such programs as NightRide/NightWalk, the Committee on Personal Safety, The Committee on Sexual Harassment and numerous educational programs on subjects like Acquaintance Rape and abusive Relationships. Facilities to improve campus safety, including the installation of emergency telephones and increased lighting have become a priority. UCSU has also provided assistance for the annual Take Back the Night Week, during which a series of public lectures, films and workshops focusing on the issue of violence against women are given. The week culminates with the Take Back the Night March and a workshop for men at the Boulder Bandshell.

Some of this year's workshops will include: 1) What will the ratification of Robert Bork to the Supreme Court mean for women's rights?; 2) What can men do to stop rape?; 3) "Model Mugging" (self-defense program) demonstration; 4) How men can support the women marchers. Take Back The Night Week will be held October 5 - 9, 1987. This will be the 8th anniversary of this international event.

BILL SUMMARY

To allocate \$890.62 + GAR from Executive Council Reserve to cover advertising costs for Take Back the Night Week, October 5 - 9, 1987.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: UCSU shall allocate an amount not to exceed \$890.62 + GAR from Executive Council Reserve to the Feminist Alliance for Take Back the Night Week advertising.

A BILL

BILL HISTORY

It is no secret that this Student Union is sorely lacking in student outreach, and one step that Executive Council has taken recently to improve this problem is "satellite" meetings. While these have generated some publicity, more is necessary to not only improve public relations, but to make student outreach a priority for UCSU.

Toward this end, and to make sure that Executive Council does not become complacent in its activities, some sort of requirement is necessary to continue this "satellite" meeting policy. By making this a part of the legislative session planning and scheduling process, these decisions would be made well in advance, and could be adequately planned for. The additional responsibility would not be very great, and would be good for UCSU in general. At this time there is no accountability for the Representatives to reach out, and this is one small way to accomplish this.

BILL SUMMARY

This Bill adds a section to the By-Laws, requiring a minimum of two satellite meetings each session.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

SECTION 1: The following addition be made to the By-Laws of UCSU:

**Article III -
President Pro-Tempore**
Add sub-section j--to read:

"It shall be the duty of the President Pro-Tempore to schedule a minimum of two Executive Council meetings each legislative session at a place that is different from usual meeting place, on another part of the CU Boulder campus."

SECTION 2: It shall be the duty of the UCSU Publicity Committee to help in the advertising and publicity of these meetings.

SECTION 3: This Bill takes effect upon passage.

BILL HISTORY

The Business School Leadership Council is an organization to promote a higher level of awareness about organizations in The College of Business, to encourage greater participation in such organizations, and ultimately to make their activities available to non-affiliated students. The "Business After Hours" reception is modeled after local area Chamber of Commerce "Business After Hours" functions. The purpose is to allow students to interact with local area businesses and to allow students an expanded awareness of available resources. With a high attendance of the Chamber of Commerce "Business After Hours", the Leadership Council with the backing of the Denver and Boulder Chambers will also establish a high attendance rate. This year the function will be held in conjunction with the Career Conference. This combination will encourage further discussion of the day's topics, and expand the opportunity to interact with Business Professionals to those who could not take part in the Career Conference. In order for the Leadership Council, in conjunction with the College of Business, Dean Edward Johnson and all Business student groups, to successfully initiate this event, further budget costs need to be covered. All costs have been extensively researched and kept within reason, while still providing a first class memorable function.

BILL SUMMARY

This Bill allocates \$600.00 plus GAR from Central Reserve to fund the Business School After Hours.

BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:

BILL HISTORY

The CU Model United Nations (CUMUN) is a new club that was formed by members of the International Relations Forum. CUMUN is an organization that was founded with the intention of getting students involved in model United Nations. They hope to achieve these goals by sending students to various conferences and additionally by hosting a high school model United Nations right here at C.U. Boulder.

The purpose of the National Collegiate Security Conference being held Oct. 22-25 in Arlington VA is to expose students from across the country to the difficulties involved in world crisis management. Simulating the world's regional summit meetings, the NCSC attempts to intimately involve motivated students in the workings of conflict resolution and debate. This conference provides a unique opportunity for University of Colorado students to display their talents as well as giving each delegate invaluable experience in debate technique and world issues.

Each delegate from the University will be assigned a country that they must represent in a regional summit. The delegate must be well-versed in the politics and national interests of the country and ready to debate and defend the nation's specific needs in the regional and world arena. It follows that each delegate will receive thorough schooling in and hands-on experience of the international conflicts in their region.

BILL SUMMARY

This Bill allocates an amount not to exceed \$496.00 + GAR from Central Reserve two round-trip airfares to the National Collegiate Security Conference in Arlington, VA.
