	A BILL

BILL HISTORY

The initial \$5,000 transfer of student fees from Executive Council to Local Schools Council was enacted to support small groups and to keep these small groups from backlogging Executive Council Agendas, but instead of expressly funding small groups seeking monetary aid, the \$5,000 has been used to double-fund large groups.

The transfer was not composed of directly allocated student fees, but of student fees allocated to the Executive Council, so in double funding student groups by referring them to both of the respective councils, we as a student union of representatives are advocating and participating in a redundancy that only serves to confuse and mislead the students we represent.

Preventing double funding would reflect the sound judgement and mature responsibility in spending of student fee monies, as advocated by the Student Fee Guidelines.

---

BILL SUMMARY

This Bill prevents the double funding of any item presented before both of the Executive and Local Schools Councils until such time that Local Schools Council receives direct allocations of mandatory student fees from the students.

---

**BE IT ENACTED by the Executive Council of the University of Colorado Student Union, THAT:**

SECTION 1: Student Groups or Local Service Organizations requesting funds from Executive Council shall not be referred to Local Schools Council in the event that total funding is not obtained. Funding for an event shall not be funded by the Executive Council if they also receive or will receive funding from the Local Schools Council for the same event.

SECTION 2: If a student group or local services organization, notwithstanding these provisions, receives additional funding from Local Schools Council, it will be the responsibility of the Finance Director to stop disbursement of all funds allocated by the Executive Council.

27 EXECUTIVE COUNCIL BILL #22 - Page 2

SECTION 3:

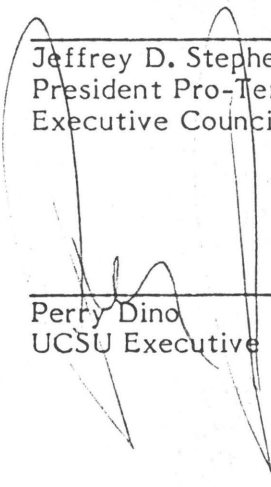

This Bill takes effect upon passage and remains in effect until Local Schools Council receives student fee monies directly from the student body or until Local Schools Council adopts a provision such as this into their bylaws, whichever comes first.

A BILL

---

BILL HISTORY

Local schools council has proven itself to be an effective funding mechanism in the past. Questions have been raised in the past as to where the money for local schools should come from. This bill would solve the funding question and guarantee the local schools council \$10,000 per year to fund to small student groups who otherwise wouldn't get funded. Of course, as a referendum, the final say will be up to the students.

---

BILL SUMMARY

A student referendum asking the students to allow 25¢ of their student fees to be used to fund Local Schools Council.

---

BE IT ENACTED by the Executive Council of the University of Colorado Student Union THAT:

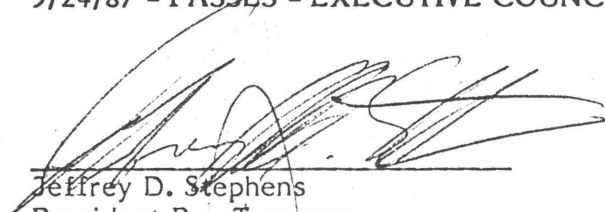

SECTION 1:      The following shall be inserted on the Fall 1987 Ballot as a referendum: "Would you be willing to add 25¢ to your student fees to be used to fund Local Schools Council. The funds will be allocated to student groups pursuant to Local School by-laws."

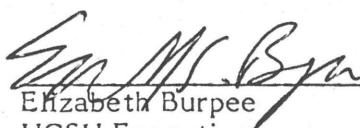

SECTION 2:      This student referendum will last for 2 years, and will be renewed on the Fall 1989 Ballot.

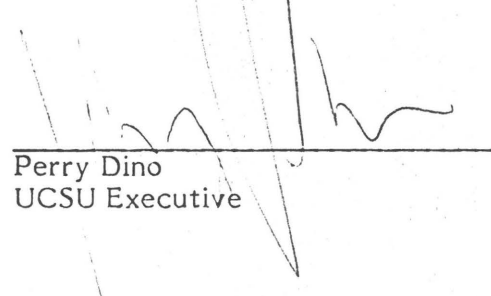

SECTION 3:      This Bill takes effect upon passage.

**A BILL**

---

**BILL HISTORY**

CU-Boulder is mandated to have a published guide of employer and employee rights and responsibilities. To fulfill this requirement the Office of Financial Aid has traditionally coordinated the publication of the Student Employment Handbook which has not been updated in over 4 years. In those 4 years, UCSU has been involved in the revision of the handbook through the Student Employment Advisory Committee, with the understanding and approval that UCSU and the Office of Financial Aid would jointly fund the publication of the handbook. UCSU is committed to promoting a good working relationship between student employees and their university employers and to that end it would be advantageous to publish the Student Employment Handbook as soon as possible.

---

**BILL SUMMARY**

This bill allocates \$850.00 + GAR to be paid to the Office of Financial Aid for the publication of the Student Employment Handbook.

---

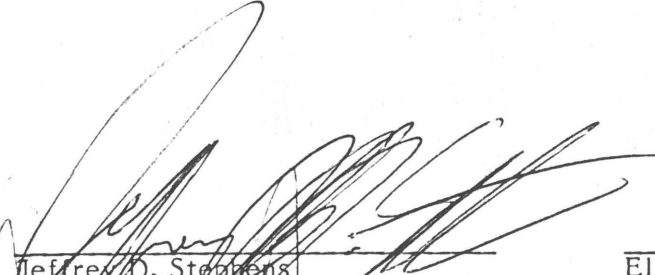

**BE IT ENACTED by the Executive Council of the University Colorado Student Union THAT:**

- SECTION 1:** An amount not to exceed \$889.19 from Central Reserve will be transferred to the Office of Financial Aid to fund the Student Employment Handbook, with the understanding that UCSU is funding half of the publication costs and any money unused will be returned to Central Reserve.
- SECTION 2:** All student groups who receive special event funding shall submit a written report to be turned in to the Pro-Tempore and kept on file for access.
- The Report shall include the following: 1) General overview of the events and the phases of that event, 2) attendance of all phases of the event, 3) did the group sponsoring the event feel they accomplished their goals set forth prior to the event, 4) a detailed account of expenditures.
- This report shall be submitted within 30 days of the end of the event. Failure to do so may jeopardize future funding from UCSU Executive Council.
- SECTION 3:** This council wishes to express its concern in the funding of this issue and in the future hope the administration will recognize its responsibility in this matter.

SECTION 4: This bill takes effect upon passage.

BILL HISTORY

In the UCSU Constitution Article IX \* Section A \* Part 4 it states "Grounds for impeachment shall be failure to substantially fulfill the duties of his/her office, including absence from four consecutive meetings without substantial excuse." This clause effectively allows Executive Council members to attend only 25% of all Executive Council meetings without any kind of worry about the consequences of his/her actions. The only way to amend the UCSU Constitution is to put forth a referendum question to the students. By tightening up this rule we will have a better informed, more consistent Executive Council.

---

BILL SUMMARY

The following referendum question will be placed on the Fall 1987 ballot: "Presently the UCSU Constitution allows a member of Executive Council to miss four consecutive meetings. In order to provide a consistent and responsible Executive Council should Article IX \* Section A \* Part 4 of the UCSU Constitution be amended to read 'Grounds for impeachment shall be failure to substantially fulfill the duties of his/her office, including absence from three meetings in a legislative session without a valid and reasonable excuse?'"

---

**BE IT ENACTED** by the Executive Council of the University of Colorado Student Union **THAT:**

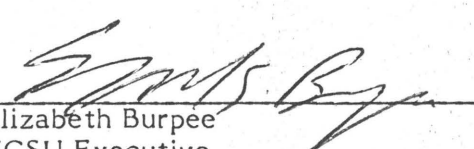

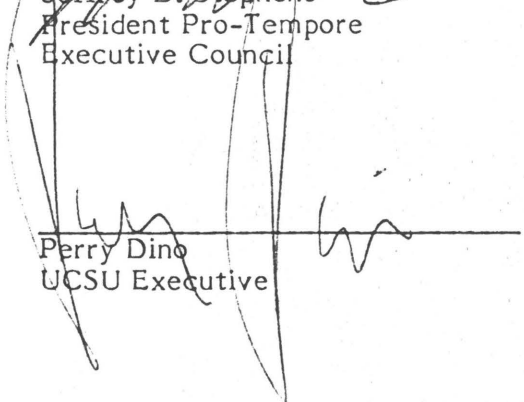

SECTION 1: The election commissioner shall place on the Fall 1987 ballot the following question: "Presently the UCSU Constitution allows a member of Executive Council to miss four consecutive meetings. In order to provide a better record of attendance should Article IX \* Section A \* Part 4 of the UCSU Constitution be amended to read 'Grounds for impeachment shall be failure to substantially fulfill the duties of his/her office, including absence from three meetings in a legislative session without a valid and reasonable excuse?'"

SECTION 2: This referendum is binding.

SECTION 3: This bill takes effect upon passage.

BILL HISTORY

CU World Citizens have, for the last two years, sponsored a model UN to educate students about the activities and workings of the United Nations. Each year the event has attracted more and more participants and this year hopes to be the largest event yet.

Outreach is always difficult for student groups but CU World Citizens works particularly hard to get the word out. Unfortunately, hard work is sometimes not enough. Student groups occasionally need funding for advertisements to promote worthwhile activities.

---

BILL SUMMARY

The amount not to exceed \$425.00 shall be allocated from Central Reserve to CU World Citizens for advertising.

---

**BE IT ENACTED by the Executive Council of the University of Colorado Student Union THAT:**

BILL HISTORY

With the growing spread of the AIDS epidemic and the evidence that condoms prevent the proliferation of the disease, it is important that condoms are as easily accessible as possible. At the moment the Recreation Center and the UMC are in the process of getting condom machines, but because of the limited hours of those buildings, the students' needs are not going to be met. The administration has publicly shown an opposition to allowing condom machines in the dormitories. In order to encourage the administration to act responsibly on this issue, a referendum is called for.

---

BILL SUMMARY

The following question should appear on the Fall 1987 ballot: "Due to the growing spread of AIDS and the fact that condoms have been found to halt the proliferation of AIDS, would you support placing condom machines in the student dormitories?"

---

BE IT ENACTED by the Executive Council of the University of Colorado Student Union THAT:

SECTION 1: The election commissioner will place the question: "Due to the growing spread of AIDS and other sexually transmitted diseases and the fact that condoms have been found to halt the proliferation of AIDS, would you support placing condom machines in the student dormitories"?

BILL HISTORY

This year on October 21st, at 7:30 p.m. in Chem 140, Students For A Better America will be sponsoring a talk by David Horowitz and Peter Collier entitled "McCarthyism: The Last Refuge of the Left." Mr. Horowitz and Mr. Collier are former left-wing activists during the Vietnam war. Since that time, both have switched their political ideologies to that of conservative, believing that their leftist views misrepresented those of the American people. Cultural Events Board has already funded the event over \$2000 for honorarium, hall rental, and partial travel.

### A BILL

---

#### BILL HISTORY

Since 1968, the University of Colorado Student Union has sought to make the University Book Center more responsive to student interests. That year, the Board of Regents established 4 criteria that if reached would allow the students to form an independent Bookstore Cooperative. While the students failed to meet the criteria in 1968, the goal of student empowerment continued.

The UCSU Book Center Task Force, appointed by the Tri-Executives, has been working with Administration since December to 1.) identify the problems of lack of student input and inefficiency in Book Center operations and 2.) establish that these problems cannot be resolved within the existing structure of the bookstore. At this stage, it is crucial that students prove their support for an alternative Bookstore structure and to this end, we submit this referendum for the Fall 1987 ballot.

---

#### BILL SUMMARY

A student referendum asking the students to declare their support of a student owned and operated bookstore cooperative, independent of the University.

---

**BE IT ENACTED** by the Executive Council of the University of Colorado Student Union **THAT:**

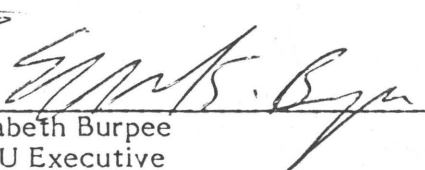

- SECTION 1: Do you support a student owned and operated bookstore cooperative, independent of the University, in place of the current University Book Center which would:
- a) promote student decision making;
  - b) increase efficiency;
  - c) and return profits directly to the students in the form of rebates or lower book prices.
- SECTION 2: Upon passage, the Election Commissioner shall place this referendum question on the Fall 1987 ballot.

BILL HISTORY

UCSU reached a peak in terms of the AAUS (American Association of University Students) in 1985, when we hosted the national conference of that organization. Since then ties with AAUS have diminished, and indeed UCSU is no longer a member of this body.

Under Article III of the UCSU By-laws, Section 6, Appointment of AAUS Coordinator, it is mandated that Executive Council elect an AAUS Coordinator. Since this hasn't happened in over 2 years, we are and have been in violation of said By-laws. Since we are no longer members of AAUS, we should take this section out of our By-laws so we are no longer in violation.

---

BILL SUMMARY

This legislation removes Article III, Section 6, from the UCSU By-laws.

---

BE IT ENACTED by the Executive Council of the University Colorado Student Union THAT:

SECTION 1: Section 6 under Article III of the UCSU By-laws is hereby deleted, and the numbering of following sections shall change correspondingly.

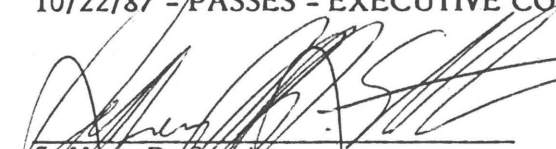

SECTION 2: All references in the UCSU By-laws to the AAUS or to the AAUS Coordinator shall be deleted.

BILL HISTORY

Although UCSU is an organization directly affecting students, many are ignorant of the student union's activities, services and functions. This hinders the reputation of UCSU and prevents students from taking an active role in student government. UCSU has traditionally funded events which publicize and create a positive image for UCSU.

## A BILL

BILL HISTORY

A.P.A.C.(Asian Pacific American Coalition) is organizing a film festival to be presented Nov. 6 - 8. Last year A.P.A.C. worked with CU OP in co-sponsoring this event. Due to a limited budget CU OP cannot co-sponsor the event this year. A.P.A.C. student leaders have decided not to abandon this project and would like UCSU to support them this year.

The festival will include 18 films which are all produced by Asian American filmmakers. The films will contain documentaries, narratives and experimental films.

The two most important benefits of this festival are that the films will offer the unique perspective of the Asian American and this event will be open free-of-charge to the entire campus community. The diversity of ideas and perspectives is what makes the college experience so vital in the development of the human race.

---

BILL SUMMARY

This bill allocates an amount not to exceed \$860 plus GAR to fund the Asian American International Film Festival. The funding will go toward film base fee, projector rental, programs, and advertising.

BILL HISTORY

In an effort to insure adequate funding for out-of-state travel by student groups within the two-ticket maximum, the Executive Council has expressed a desire to increase the current \$500 maximum. This by-law amendment raises that maximum to \$750, an amount sufficient to pay for round-trip air tickets (2) to just about anywhere in the lower 48 states. All other provisions in the bylaws governing out-of-state travel would remain unaffected by this change.

---

BILL SUMMARY

This legislation amends Article XIV, Section 7 of the UCSU By-laws increasing from \$500 to \$750 the maximum for out-of-state ticket purchases

---

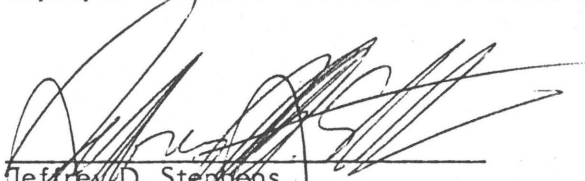

BE IT ENACTED by the Executive Council of the University of Colorado Student Union THAT:

SECTION 1: Article XIV, Section 7 of the UCSU By-Laws be amended to allow a \$750 maximum allocation for an out-of-state trip.

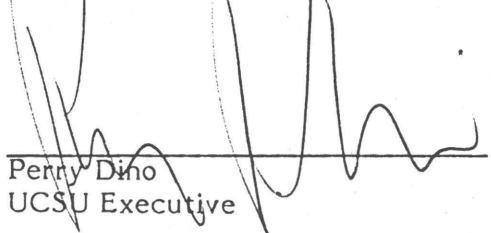

SECTION 2: This bill takes effect upon passage.

BILL HISTORY

Hispanic Law Students is an organization composed of law students of many diverse backgrounds joined together by common goals and beliefs. Among our purposes as an organization is the desire to promote cultural awareness and education.

There is currently a national movement which seeks to designate English as the "official" language of the United States. Several states have passed such legislation while creating a great deal of controversy at the same time. In our own state of Colorado, a group called the Committee for Official English, headed by Rep. Barbara Phillips R-Colo. Spgs., is gathering signatures for the November 1988 ballot which would proclaim English as the official language of the state. It is highly likely that their efforts will be successful. Thus, this issue will present Colorado voters with an important decision throughout the following year. Even today, its impact can be felt. While thousands are signing the petitions, many more are speaking out against it. But yet, to a large number of voters, the issue itself is ambiguous and unclear.

Our proposed event, a panel discussion between supporting and opposing sides, is oriented toward answering pertinent questions raised by the issue. For example, what is "official" English? What effect on people's lives? Why would our state be a better place for this law? Indeed, the panel members are highly knowledgeable sources and promise to contribute a great deal to educate the public on this issue.

---

BILL SUMMARY

This bill, upon passage, would allocate an amount not to exceed \$488.05 plus GAR from Central Reserve in order to pay for promotional costs of a panel regarding "Official English" legislation.

---

**BE IT ENACTED by the Executive Council of the University of Colorado Student Union THAT:**

SECTION 1: UCSU formally agrees to co-sponsor a panel discussion on November 17, 1987 at the CU Law School regarding

27 EXECUTIVE COUNCIL BILL #39 - Page 2

"Official English" legislation.

SECTION 2: UCSU, as co-sponsor, shall provide funding as outlined in the budget.

SECTION 3: This legislation shall take effect immediately upon passage.
