A BILL

---

BILL HISTORY

The University Student Government, and the University at large has in recent years taken a firm stand in opposing violence against women. It actively supports such programs as Nightride/Nightwalk, the Committee on Personal Safety, the Committee on Sexual Harassment, most recently the very successful DARE program, and many other educational programs on subjects like acquaintance rape and abusive relationships. UCSU has also provided assistance for the annual Take Back the Night Week, during which a series of public lectures, films, workshops and discussion groups focusing on the issue of violence against women are given. The week culminates with the Take Back the Night March and a film and workshop for men at the Boulder Bandshell. This year's 9th anniversary of this international event will be held at the University on October 10 - 14, 1988.

Some of this year's workshops will include: 1) "Model Mugging" self-defense program demonstration; 2) a speaker on the upcoming pro-choice initiative vote; and 3) a film/discussion for men on how they can help stop violence against women.
