UNIVERSITY OF COLORADO

STUDENT UNION

Sponsored by: Engineering Representative Les Lambert

Authored by: Engineering Representative Les Lambert
A RESOLUTION

WHEREAS: The adoption of Amendment 6 will jeopardize higher education in Colorado and will cripple the University of Colorado.

WHEREAS: The fundamentals of democracy ensure the power of citizens to make accountable their elected representatives.

WHEREAS: The responsible levying of taxes by elected officials represents a fair and efficient means of ensuring the quality of government services.

WHEREAS: The adoption of Amendment 6 will impose the will of the minority over the will of the majority thus undermining the precepts of democracy.

WHEREAS: The education of all of its citizens, to enable their making of intelligent decisions pertaining to taxation, would encumber the government with a responsibility far beyond its ability to manage.

WHEREAS: The bolstering of Colorado's economy by the presence of University research would evaporate with the difficulty in obtaining finances.

WHEREAS: Needed expansion of University facilities would become inordinately more difficult.

WHEREAS: Tuition increase decisions may fall in the hands of those incapable of applying objectivity and sensitivity to the needs of students.

WHEREAS: The University will immediately be inflicted with major cuts in funding as tax levels return to 90% of 1987 levels.
THEREFORE;

BE IT RESOLVED by the Executive Council of the University of Colorado Student Union, **THAT:**
