Authored by:	Engineering Student A BILL	Paul Cameron

BILL HISTORY

The University of Colorado's Mechanical Engineering Dept. students are entering the "Mini Baja West Competition" 1989 at University of Oklahoma April 13,14,15.

This contest consists of designing, presenting and racing a one passenger off road vehicle. Schools from all over the western United States, including CSU & Colorado School of Mines, will be competing. This year, 1989, will be the third time CU has entered this annual event. As the best finish previouly was second to last (all teams entered) we hope to finish considerably better this year. Many hours & dollars go into a project such as this. UCSU's help is requested to help meet construction and travel costs for the competition so that CU will be represented strongly in 1989.
