A RESOLUTION

WHEREAS: Historically, the UCSU has been adamant about containing the the rising costs of attending the University, including tuition, and student fees. Thus, the UCSU historically has been opposed to increases in the athletic fee. In addition, UCSU has been supportive of athletes as a student constituency, and has taken pride in winning teams (see 24 ECR #108 and 30 LCR #105); and,

WHEREAS: Given these conditions, the athletic department continues to rely on students to finance its program with a 18% direct subsidy proposed for the 1989-90 fiscal year. Thus, while supportive of athletes and athletic programs, students are distressed about the apparent lack of control they have in athletic fee increases and the subsequent spending of that fee.
THEREFORE,

BE IT ENACTED by the Legislative Council of the University of Colorado Student Union, THAT:

- SECTION 1: A student shall be appointed to sit on the Regent's Committee on Athletics. This student shall make quarterly reports to the UCSU, including the executives, and the legislative council.
- SECTION 2: Students shall be notified of any pending increases in said fee on a bi-annual basis (every six months). Each January students shall be given an update on athletic department revenues and expenditures, and the projected ability to meet that fiscal year's budget.
- SECTION 3: Per the June 1989 Dietze Resolution, students shall be kept informed about the President's discussions on reducing the cost of Big Eight intercollegiate athletics.
- SECTION 4: A student committee shall be established within the Department of Intercollegiate Athletics with representatives from UCSU and reps. from both major and minor sports. This committee shall be addressed monthly by the Financial

Invited will be the Regents, Vice President of Budget and Finance, Athletic Director, Associate Director of Business Affairs (Athletic Dept.), Athletes and Students.

SECTION 7: We strongly encourage that the Athletic Department circulate money back to the University in every possible aspect. (i.e. Scholarship athletes live in University owned buildings.)
