A BILL

BILL HISTORY

Because Representative Council and the Council of Colleges and Schools spend on the average \$20,000 in student monies each year, and because as student leaders the representatives are responsible for these expenditures to the student body, it is imperative that a better system of accountability be implemented. In the past, the only record of Council of Colleges and Schools meetings have been tape recordings, which have proven difficult to decipher when the validity of decisions in meetings have been questioned. To remedy this situation, this bill provides a secretary for both Council of Colleges and Schools and Representative Council, to attend and take notes at the meetings and produce weekly minutes. Each secretary will be paid \$4.00/hr. for 3 hours of work ea. week (1hr. for the meeting, 2hrs to complete the minutes). For 14 meetings a semester this amounts to: 14 meetings a semester x 3hrs. work for each meeting x \$4.00/hr. x 2 secretaries = \$336.00 a semester. This makes a total of \$720.00 for the 89/90 academic year, and for two meetings in the 1990 summer semester (\$336/sem. x 2 + \$48 for 2 summer meetings = \$720).

This bill also calls for the jobs of Representative Council secretary and Council of Colleges and Schools secretary to become part of UCSU operation costs beginning in the next budget cycle.

The secretaries will be hired & primarily responsible to their respective councils' chairs.
