A BILL

---

BILL HISTORY

For the sixth consecutive year, students in the Hillel and around campus have banded together to put on Holocaust Awareness Week on the week of March 12. In addition to educating students about the Holocaust itself, the event will also concentrate on the more global issues of racism and anti-semitism as they relate to the present.

Speakers, panels, workshops, a gripping film and multi media events highlight this year's week, which continues to grow each year.

David Wyman, Phd. will address the historical aspects and implications of the Holocaust and WWII and the response of the United States government. Aviva Kempner, consultant to the U.S. Holocaust Memorial Council will offer her unique insights on the struggle of Jewish women in this time. She will also present her film, The Partisans of Vilna, an award winning documentary on the Holocaust.

Other panels and workshops will deal on a wide range of topics and issues relating to this unique period of history.
