A BILL

BILL HISTORY

Statistics show that one out of six women in college will be raped in one year (that's over 2,000 women at CU). In addition, FBI statistics show that one out of six men and one out of three women will be raped in a lifetime.

The Boulder Rape Crisis Team received over 1,600 calls in the past year with 679 of the calls being actual rape victims, with approximately 40% of those victims being students.

In the spring semester of 1990 there were several highly publicized rapes occurring on campus and on the hill, while to date there are no suspects for the perpetrators of these crimes.

In June of this year two women were raped on the Boulder Creek Path and there was also an attempted rape in the same area. The Boulder Police believe that all of these assaults are the acts of one assailant.

Statistics show that a woman will be battered every 18 seconds. The majority of women who reported battering to the Boulder County Safehouse were the average college age, 18 - 29 years old.

Suicide is the second leading cause of death in college-age groups.

BILL SUMMARY

This bill allocates funding of \$199.80 to have stickers made publicizing organizations that work directly with safety issues.

---

BE IT ENACTED by the Legislative Council of the University of Colorado Student Union, THAT:

SECTION 1: UCSU realizes that rape, battering, and suicide are prevalent problems at CU.

SECTION 2: UCSU realizes that a step in alleviating these problems is by publicizing organizations which work directly with these issues. The organizations in

particular are: The Rape Crisis Team, Boulder County Safehouse, CU Police, Rapline, and Night-ride/Night-walk.

SECTION 3: UCSU feels that an important step in publicizing these programs, in the broadest manner possible, is by placing a sticker with the phone numbers of these organizations on the back of each student's identification card. As well, by placing the stickers on the inside stall doors of the women's and men's restrooms in dormitories, the UMC, and the Recreation Center.

SECTION 4: UCSU Legislative Council will provide funding for 27,000 stickers with the above given organizations' names and phone numbers. The cost of the stickers will be \$7.40 per 1,000 stickers. As well, the council will be refunded 25-30% once the labels are purchased. The total cost will be \$199.80, with a refund of \$49.95-\$59.94.
