34 Legislative Council Bill #28

UNIVERSITY OF COLORADO
STUDENT UNION

Sponsored by:	Business Representative Business Representative	Gina Mathias Mike Pritchard
Authored by:	AAS President AAS Vice-President	Pam Flaherty Keith Sholes

A BILL

BILL HISTORY

This proposal is a request for funds concerning the annual convention for the National Association of Accountants. The convention, which will be held in Chicago, Illinois this year, is of great interest to our club. We have been unable to send a representative from our club to the annual convention the past couple of years due to a lack of funds. This year our clubs' membership has greatly increased and we feel that this convention is essential to our continued success. The knowledge and experience gained by attending the conference will help us retain current members and attract new members in the future.

The goal of AAS is to expose students to many different career paths in the accounting field. There are no requirements to become a member, thus we enjoy a wide representation of students from freshman to the graduate level.

This year we would like to send two AAS representatives to the convention scheduled for June 23-26. The representatives will attend sessions with topics ranging from Financial Planning to Competing in a World Economy, to Effective Communication. Representatives will also have the opportunity to meet with students from other universities to exchange ideas.

BILL SUMMARY

This bill shall allocate \$613 + GAR for airline travel expenses related to the National Association of Accountants Annual Convention on June 23-26, 1991.
