A BILL

BILL HISTORY

The Ethnic Student Support Program (ESSP) is the component of Multicultural Counseling Center that provides both academic and personal counseling to people of color on the CU campus. Recently student members of ESSP have taken on the making of an annual. This publication will celebrate diversity on the CU campus. The annual will be unique not only in its focus on diversity but it will also attempt to include many students, faculty and staff members within one publication. The annual will also focus on events that enhance a diverse community at the university.

Our goals in creating this annual are to enhance recent university endeavors to create a more diverse community at CU. Another goal is to provide students of color with a publication that strongly reflects their experiences on the CU campus. We hope that providing students with this publication will contribute to building a sense of unity not only between students but also with staff and faculty members. Building this sense of unity may help in recruiting and retaining minority students, faculty and staff members.

We are asking for your support in making this annual a reality. Currently, our biggest obstacle in creating this publication is need of financial backing. The total cost of producing the annual is over \$5,000.00. (See below for estimated budget). We plan to initially print 300 copies of the annual and sell them at a price of \$5.00-\$7.00 each. Since this is our first year of publication, all costs are being covered by donations. We do, however, hope to be self-supporting within the next 2 years.

BILL SUMMARY
