BILL HISTORY

The first International Conference on Sexual Assault on Campus will be held October 2-5, 1991 in Orlando, FL. The conference will involve a wide spectrum of highly notable speakers from many different universities and health services. Key topics will be addressed, such as orientation for campus women; consciousness-raising for campus men; security, post-traumatic counseling and recovering; administration responsibilities; cooperation with community and human service agencies and larger, society-wide issues.

In addition, all current information and research regarding sexual assault will be available at the conference. This information is extremely beneficial to the University of Colorado and its struggle against sexual assault and would definitely be helpful in strengthening the DARE Program!

The conference is a great opportunity to meet other concerned students and faculty members from various universities. Hearing what other programs around the nation are doing to educate students can definitely enrich the DARE Program and subsequently the University of Colorado.
