A BILL

BILL HISTORY

According to the CCS approved criteria for the Local Schools Fund Balance Petition, "Remaining funds will be allocated to the CCS account and can be accessed by each school through the regular process of a bill." The College of Music Student Union's fund balance for 1990-91 was \$77.25. I am requesting that this amount be allocated to the Wardenburg Student Health Center to fund HIV testing.

The past few weeks has seen \$4,650 allocated to HIV testing. Arts and Sciences Student Government gave \$2,000. Legislative Council also gave \$2,000. The College of Music Student Union gave \$150. And the Business Board gave \$500. In the spirit of continuing the support that UCSU has committed itself to, it is only fitting that the Local Schools Fund Balance be used in this most productive manner.

The special order nature of this bill is to facilitate the process as quickly as possible since December 5 is our last meeting until January 16.

According to the CCS Financial Report from November 14, 1991, there is \$4,249.19 in the local schools fund balance pool. We encourage the other schools with a positive fund balance and no plans to access the money to consider this route.

BILL SUMMARY

This bill allocates \$77.25 from CCS account #1391200 1990-91 Rollover Funds to the Wardenburg Student Health Center for HIV testing.
