BILL HISTORY

5 The Constitution of the University of Colorado Student Union provides a similar structure to the United States government in a number of ways. Because of this similarity, UCSU members are provided with a system they can easily understand, resulting in easier participation in and access to UCSU governance.

10 One structural similarity is the principle that each member votes upon, and is represented by, an equal number of representatives. In the US system, each citizen is represented by three (two senators, one representative). In the UCSU system, each student currently elects eleven (ten representatives-at-large, one CCS representative position). This principle provides an equality that should be maintained.

15 The School of Pharmacy will leave the Boulder campus June 1992. Because of the current UCSU Constitution structure, we must amend the Constitution in some way to accommodate this change. These proposed amendments are important to ensure smooth transitions during any changes in the Boulder campus college and school structure. Though Constitutional amendments will remain necessary each time a change in college and school structure occurs on the Boulder campus, a long series of amendments will no longer be necessary if the student body approves of these amendments.

25 Because of the failure of referenda 2 and 3 on the Fall 1991 ballot, it is imperative that these questions pass on the Spring 1992 ballot. If this does not happen, the balance of the UCSU Legislative Council will be forced askew. Unfortunately, UCSU cannot fund media concerning the reasons to vote "yes" to these questions, since such measures would be considered campaigning. For that reason, both questions must be stated in full with everything in bold printed on all election materials.

BILL SUMMARY

35 The Legislative Council hereby directs the Election Commissioner to place the questions in Section 2 and 3 of this bill on the Spring 1992 ballot.

---

40 BE IT ENACTED by the Legislative Council of the University of Colorado Student Union, THAT:

45

SECTION 1: The Legislative Council hereby directs the Election Commissioner to place the questions in Section 2 and 3 on the Spring 1992 ballot.

50

SECTION 2: In order to insure a balance of power between the Council of Colleges and Schools and the Representative Council, the following provision currently exists in the UCSU Constitution as Article III.B.1:

55

"The Representative Council shall consist of ten members elected at large by a fair system of proportional representation. The term of office shall be one year. Five seats shall be elected in the Spring, and five seats shall be elected in the Fall."

60

When the School of Pharmacy leaves the Boulder Campus at the end of the Spring 1992 Semester, this balance of power will be disrupted. The following change to Article III.B.1 would insure that this balance continues in the future:

65

"The Representative Council shall consist of as many members as there are degree-granting colleges and schools on the Boulder campus as listed in Article III.C.2. The term of office shall be one year. Half of the seats shall be elected in the Spring, and half of the seats shall be elected in Fall. In the event of an odd number of Representative Council seats, one more shall be elected in the Fall than in the Spring. Upon passage of this amendment, only four representatives at large shall be elected in the Spring 1992 election, and one voting member of the Cultural Events Board will change from a Representative at Large to a Legislative Council appointment; upon commencement of the Thirty-Seventh Legislative Council session, this sentence immediately will be stricken from the UCSU Constitution"?

100 SECTION 3: The School of Pharmacy's departure from the Boulder  
Campus creates the necessity for changes in the  
105 composition of the Council of Colleges and Schools.  
Currently Article III.C.2 referring to the Council  
of Colleges and Schools reads as follows:

110 "2. There shall be one member from each  
individual school. These schools are designated  
as: Arts and Sciences, Graduate and Special  
Students, Law, Business, Engineering, Music,  
Education, Pharmacy, Journalism and Environmental  
Design."

115 The following change to Article III.C.2 will remove  
the School of Pharmacy from the Council of Colleges  
and Schools:

120 "2. There shall be one member from each individual  
Boulder Campus One college and school. These  
colleges and schools are designated as: Arts and  
Sciences, Business, Education, Engineering,  
Environmental Design, Graduate, Journalism, Law, and  
Music."

125 Do you approve of this change to Article III.C.2  
of the UCSU Constitution to continue equal  
representation in the Council of Colleges and  
Schools?

130 SECTION 4: Should either or both of these questions pass  
with a majority vote AND at least two thousand  
favorable votes, the remaining sections and/or  
articles of the UCSU Constitution will be  
135 appropriately renumbered.

SECTION 5: Adequate publicity shall be provided by the  
140 Election Commission in conjunction with the  
Election Committee pursuant to Article XVII.C of  
the UCSU Constitution.
