A BILL

BILL HISTORY

The current name of the Off Campus Housing cost center does not give a complete representation of the services offered by this center. The current name gives the impression that we only deal with housing off campus, when in fact, our service goes beyond providing listings of available housing. In addition to listings of affordable housing, we provide:

1. Assistance with understanding rights and responsibilities as tenants.
2. Information on how to select and develop healthy roommate relationships, including mediation.
3. Information on living expenses and a variety of campus services and programs.
4. Assistance to off campus students in forming an off campus student organization.
5. Research and advocacy for off campus students' needs and concerns with University Administration, Boulder City Government, and the Boulder County Landlord Association.
6. Presentations and workshops for parents and students related to off campus life.

This name change will also help the University see this center in a different light. This center can be used as a resource for information on off campus student needs, and the community as well.

Taken from a letter from Dale Severance, Director of Off Campus Housing to Jean Delaney, Interim Vice Chancellor for Student Affairs.
