A BILL

BILL HISTORY

The International Association of Students in Economics and Business Management (AIESEC) is a completely independent, nonprofit, non-political organization operating in over 71 countries around the world. We are devoted to developing global leadership, both in our student members and our participating companies. We accomplish this by arranging international internships for foreign nationals as well as our own general members.

To help our Local Committee grow and reach its potential, we are sending four members to a week long National Conference in Madison, Wisconsin from December 27 to January 3. The conference is put on by our National Committee and we are required to send our current President and Marketing Director along with the President and Marketing Director-elect. The purpose of the conference is to elect new national officers, enact and revise AIESEC legislation, and thoroughly train the incoming President and Marketing director. We feel that this training and experience is invaluable to our Local Committee.

BILL SUMMARY
