A BILL

BILL HISTORY

"Mexico: A New Frontier for Hispanic Attorneys" is a conference that will be held in Mexico City on October 14-16, 1992. It will focus on educating those attending with the multitude of opportunities which will be opening in connection with the North American Free Trade Agreement (NAFTA). The conference is also focused on fostering better understandings of the countries' legal systems and the attorney's role.

The Hispanic Law Student Association has a very strong interest in educating its members in this historic agreement. By sending two students we can enhance the University of Colorado's reputation as a concerned and interested institution. The students will gain valuable knowledge which they will share with their fellow students in a presentation. They will also make important contacts for future academic exchanges by having met with influential and involved parties within NAFTA.

We would greatly appreciate your assistance in providing this important educational experience.
