37 Council of Colleges and Schools Bill #6

University of Colorado
Student Union

Sponsored by: CCS Speaker Robert Bartsch
Engineering Representative Jill Dalglish

Authored by: AIChE Officer Dina Springstead

A BILL

BILL HISTORY

The Student Chapter of the American Institute of Chemical Engineers (AIChE) is an organization for undergraduate students interested in Chemical Engineering. We provide information on graduate schools and bring in guest lecturers from industries. In addition AIChE sponsors social activities to encourage meeting other students as well as interaction with the faculty. The overall purpose of our chapter is to unite Chemical Engineering students and to introduce them to different aspects of the discipline.

The CU Student Chapter would like to send five officers to the National AIChE Conference. The National Conference is in Miami, Florida the weekend of October 30 - November 2, 1992.

The student program of the conference consists of a career fair, graduate school advising and leadership workshops. This will allow us to make personal contacts with industry leaders and graduate school recruiters. The chapter workshops will give us ideas to strengthen and improve our chapter.

AIChE has traditionally sent its officers to this conference and would like to continue this tradition with the help of CCS.
