37 Legislative Council Bill #22

University of Colorado
Student Union

Sponsored by:	Representative at Large	Ken Bianchi
	Representative at Large	Anjanette Brandon
	Engineering Representative	Jill Dalglish
Authored by:	Representative at Large	Ken Bianchi
	NSBE President	Tandy Watkins

A BILL

BILL HISTORY

2 The National Society of Black Engineers (NSBE) is one of the
largest student operated organizations in the country, currently
being around 7,000 students strong and divided into six regions.

4 The essential purpose of the NSBE organization is to encourage
6 black engineering and science students to continue and pursue their
careers in these areas. NSBE is dedicated to the recruitment,
8 retention and graduation of black engineers. With over 150
chapters at colleges and universities throughout the United States,
10 NSBE has become an extremely strong support for black students on
the high school as well as the collegiate level.

12 The CU Boulder chapter of NSBE has had numerous accomplishments
14 thus far, some of which include:

- 16 -conducted a corporate politics workshop (AMOCO)
- assisted in CU's Engineering Open House Weekend
- 18 -visited Hinkley High School to recruit potential
engineering students
- 20 -conducted a CU Black Student Engineering Weekend
- served as mentors/teaching assistants for the Junior
- 22 Engineering Technical Society (JETS)
- set up a Black History Month display in the Engineering
- 24 Center
- assisted with tours of the Engineering Center for interested
- 26 high school students

28 This year NSBE will be holding its Regional Conference in Seattle,
Washington, November 7 - 8, 1992. The Boulder chapter of NSBE
30 would like to send 4 students (the most in our history) to this
outstanding affair.

32 Sending students to this particular affair can actually benefit the
34 University of Colorado as well as the individual students in our
chapter. Sending students to this affair would strengthen the NSBE
36 chapter here in Boulder. Students attending the conference would
inherit a vested pride in NSBE which could actually be carried over
to this campus. Attending the Regional Conference, learning its
theme and finding out how to help the African American community

37 Legislative Council Bill #22 - page 2

would spark students to work harder to achieve NSBE's goals on this campus. This would in turn result in more black engineering or science students at this university. It would add diversity to areas which are currently poorly weighted.

BILL SUMMARY

This bill allocates \$850.00 + GAR from Legislative Council account #1391120 to partially fund travel expenses for the Boulder Chapter of the National Society of Black Engineers (NSBE) to the Regional Conference in Seattle, Washington on November 7-8, 1992.

BE IT ENACTED by the Legislative Council of the University of Colorado, THAT:

SECTION 1: To allocate \$850.00 + GAR from Legislative Council account #1391120 to partially fund travel expenses for the Boulder Chapter of the National Society of Black Engineers (NSBE) to the Regional Conference in Seattle, Washington on November 7-8, 1992.

SECTION 2: A written report and editorial shall be submitted pursuant 36LCB#20.

SECTION 3: This bill takes effect upon passage.

BUDGET

Airfare (\$285 x 4)	\$1140.00
Lodging (\$10 x 4 x 2 nights)	\$ 80.00
Registration Fee (\$35 x 4)	\$ 140.00
Food (\$26 x 2 days x 4)	<u>\$ 208.00</u>
Total	\$1568.00

UCSU Contribution	\$ 850.00
Unmet need	\$ 718.00

Sources of Funding - UCSU, Minority Engineering
