A RESOLUTION

WHEREAS: On May 29, 1992, President Judith Albino made her Anniversary Remarks where she announced the creation of "Strategy Teams"; and

WHEREAS: The primary goal of the strategy teams is to formulate recommendations for substantive policies concerning the university that the Board of Regents and President Albino can ultimately create; and

WHEREAS: Another key reason for the creation of these teams appears to be the desire to make CU more accountable to the people of the state of Colorado; and

WHEREAS: Stated in her speech, the make-up of each team will consist of 1 chancellor, 1 professor, and 1 "individual who has demonstrated leadership in the private sector" that President Albino appoints. These individuals are the President of Martin-Marietta, the CEO of Bank Western, the Chairman Emeritus of US West, and the Vice President of Corporate Affairs of Coors Brewing Company; and

WHEREAS: The teams will be broken down into key issues President Albino feels are essential to a successful university: 1-CU's mission, 2-Finance and Information, 3-Faculty Futures, and 4-Communications; and

WHEREAS: While this is a commendable effort on the part of President Albino and her staff, there is a component missing to these teams--CU students.

BE IT RESOLVED by the Legislative Council of the University of Colorado Student Union, THAT:

Section 1: UCSU supports the formation of the Strategy Teams contingent upon the inclusion of students on each respective team.
