A BILL

BILL HISTORY

The Cosmopolitan Club, also known as COSMO, has been bringing foreign and American students together here at the University since 1922. It is the oldest student organization on Campus. COSMO's purpose is to further international friendship. We have found the best way to do this is to provide an atmosphere where people can get to know each other as people, and not just nationalities.

In the past this has been done by having social activities such as camping, skiing, potlucks, and hiking trips as well as parties; and through cultural education, via lectures and slide presentations. The scope and emphasis is determined by the memberships needs and desires. COSMO is non-political, though it encourages balanced enlightened discussions on international topics which may include politics.

COSMO welcomes any and all students and non-students to its events. In addition, COSMO has no membership fees and nearly all events are free. Almost all our money comes from either our agency account or by independent fundraising.

Also, COSMO tries to show all sides of the American experience as well as the International perspective. For this, we have been trying to work with BSA, UMAS, the African Student Alliance, Japanese Student Organization, APAC, Oyate, and others to bring about more diversity to our agenda. This allows our non-American members to experience the many traditions, heritages, and aspects of America.

On Saturday, October 31, COSMO will throw its XV annual Halloween Ball. This is COSMO's biggest event of the year.
