BILL HISTORY

With the new administration in the White House, higher education seems to be heading in a different direction in terms of funding and availability of financial aid. The United States Student Association is the only national student organization working on putting a student voice into the funding process. The University of Colorado at Boulder has played a major role in providing leadership for the association. We now have two new USSA Board members from UCB.

USSA will be holding its 46th Annual National Student Congress in UCLA this summer. The congress is where the students get to set the agenda for USSA. It is a great opportunity for students from UCB to be an integral part in the discussions and debates of issues that are affecting students, and in the process of choosing national student leaders. As a member school UCB gets 8 votes in the congress and having all these votes present ensures that the voices of the students at this university are heard.

The Congress will be held July 27th-August 1st at the University of California at Los Angeles. There will also be caucus meetings prior to that between July 23 and July 25. Please see enclosed brochure of specifics on the workshops and caucuses.

The delegation will consist of eight students.
