40 Council of Colleges and Schools Bill #21

University of Colorado
Student Union

Sponsored by: Business Representative Ryan Ballow

Authored by: AIESEC Representative Robert Kennedy

A BILL

BILL HISTORY

Building on the success of last years project "Business Skills of the 90's" AIESEC intends this year to conduct a more regionally specific project. AIESEC Colorado is planning a Global Theme Project for the week of April 4-8, 1994. The project will be called "The Culture and Economics of doing Business in Latin America". This event will take place on campus over the space of two evenings. The first night will address the educational limitations faced by Latin Americans in Colorado and the second evening focusing on doing business in Latin America.

AIESEC Colorado respectfully requests sponsorship of "The Culture and Economics of doing Business in Latin America," Global Theme Project in the form of \$1350.

In light of our relatively close geographic proximity to Latin America, the rapid Economic growth in this region and the recent approval of the NAFTA, increased trade with this region is inevitable; hence, improving our knowledge of the Culture and Economics of doing Business in Latin America is a valuable asset for our community, the University Faculty and students as well as the local businesses.

At this time total cost can only be approximately estimated and a rough breakdown of anticipated expense is included. Also included is some background information on our organization and its Global Theme Program. Your financial support for the project will be greatly appreciated. Please contact me or Rebecca Bagdadi with any questions.
