A BILL

BILL HISTORY

These requests benefit the United Government of Graduate Students (UGGS) in two separate ways. First, they help in the efficiency of the organization. UGGS, like most organizations, has very limited personnel resources. The less time that UGGS spends dealing with the bureaucracy inherent with any student government organization, the more time that UGGS has to concern themselves with issues vital to all students. Second, these requests will increase our advertising budget. This addition will enable us to advertise to a wider variety of people which means these activities (especially the activities for both graduate and undergraduate students) will benefit more people.

These requests are prioritized:

1. Computer software

It has recently come to our attention that many of our basic programs have not been purchased by UGGS itself. In order to come into compliance with the copyright laws we ask for \$371.95 plus GAR to purchase computer software necessary for a student organization.

Microsoft Excel/Word	\$149.00
Pagemaker	\$189.00
After Dark	\$ 33.95
Total	\$371.95

2. Advertising

Our Spring events include (but are not limited to) Graduate Spring Picnic, Income Tax Workshop, Financial Aid Workshop, and various social gatherings. Currently we are planning one major advertisement in the newspaper for each of these events. By having more advertising, more people will be informed, and therefore we would be able to benefit more students. (Undergraduates will be invited to the Income Tax Workshop and the Financial Aid Workshop.) Therefore we are asking for \$925.00 plus GAR for the equivalent of four 1/2 page ads in the Colorado Daily. (Note: As the Campus Press is now a viable advertising medium some of the advertising may be used on their paper.)

BILL SUMMARY

This bill allocates \$1,215.95 plus GAR to purchase computer software, advertising and computer powerbook from Council of Colleges and Schools Local Schools Rollover Account.
