A Bill

Bill History

This Bill requests that the United Government of Graduate Students' (UGGS) referendum renewal be put on the ballot for the Spring 2001 elections. The United Government of Graduate Students (UGGS) represents the graduate and professional students at the University of Colorado at Boulder. UGGS provides a graduate voice in university decision-making, pursuing such issues as student fees, financial aid, graduate student employment, health care, child care, and more. UGGS members work with administrators, faculty, and other student groups, and serve on university committees. UGGS also organizes events that give graduate and professional students the opportunity to learn about the university and diversify their academic experience by meeting people from other disciplines. UGGS provides various services to graduate and professional students, such as teaching assistant awards and limited student group funding. UGGS' current referendum expires at the end of this academic year, and in order to facilitate the process of renewal, this Bill requests that their question be put on the ballot.
