A bill

Bill History

Making its mark as one of the most significant developments in UCSU history, the highly anticipated Student Outreach and Recruitment Center for Equity has become a reality. As the product of an extraordinary working relationship between the executive and legislative branches of our student government along with the students, the SORCE will symbolize a year to be celebrated as we set an example for other student governments across the country. With the 54th session drawing to a close, one last adjustment must be made by council to facilitate this unprecedented student initiative.

Bill Summary

At this point the SORCE has been allocated a small office to facilitate operations, a nine member ad hoc committee and a programmer. The space is extremely tight as is, and will not be adequate to cover the inevitable expansion of the program. Fortunately there is a room right next door that has not been assigned that would alleviate this predicament. This bill will assign that office to the SORCE.

THEREFORE BE IT ENACTED by the University of Colorado Student Union that:

Section #1: This bill will assign the above-mentioned office to SORCE in addition to the office currently allocated to the program.

Section #2: This bill shall pass **special order**.

Section #3: This bill takes effect upon passage.
