**Bill History**

The University of Colorado Student Union has always aspired to represent the best our campus, our community and our state has to offer. Furthermore, the University of Colorado at Boulder is widely respected as Colorado's flagship institution. It is vital that as a student government we continue to strive for excellence in every discipline and endeavor. The time has come for UCSU to lead the way and establish a distinguished lecture series at the University of Colorado at Boulder and what better way to do this than to bring to our campus Rudy Giuliani.

During two terms as mayor of New York, Rudy Giuliani made New York into the great city it once was with his idealism, management and goal-driven style. He reduced crime by 57 percent, cut welfare rolls in half, reduced taxes by \$2.5 billion and created a record number of new jobs. However it is the tragic events of September 11<sup>th</sup> that forced Rudy Giuliani to the forefront of public attention. The rest of the world focused on New York City and its leader, whose remarkable strength and stability at a time of great uncertainty proved an inspiration to us all. He calmed, consoled and reassured the public, while urging them to return to their normal activities and not to let the terrorists achieve their aim of disrupting the American way of life. In one of the saddest times in American history, the remarkable leadership of Mayor Giuliani and the extraordinary heroism of his fellow New Yorkers restored faith in the ideals that are so vital to a free society. Because of his leadership and his steadfastness, *Time* magazine named Mayor Giuliani their 2001 Person of the Year and the New York City is well on its way to recovery
