A Resolution to congratulate members of the CU Ski Team on their participation in the World University Games in Trentino, Italy in December 2013.

Resolution History

The World University Games are held every two years in different locations across the globe, similar to the Olympic Games. University athletes are chosen based on their results throughout the previous year and qualifying is very difficult as each country is able to send a very limited number of athletes to compete. The sports included in the games parallel with the Olympic Games from speed skating to snowboarding, ski racing to ice hockey. For the 2013 games, twenty-four University of Colorado student-athletes were selected to represent our university and their country in the sports of Alpine Ski Racing, Nordic Skiing, and Freestyle Skiing. Additionally, the head coach of the University of Colorado Varsity Ski Team, Richard Rokos, was chosen to be the head coach for the Team USA Alpine Ski Racing Team at the games.
