A Bill to Require the President of Legislative Council to Write A Summary of the Session

Bill History

There are 54 binders filled with legislation from 55 previous sessions in the Legislative Council office. These binders have little order besides chronology and lack key resources for legislators and the public such as a table of contents. Starting in the 81st session, Legislation Council digitized their bills and resolutions. Yet, even online,

legislation is hard to search for, making it difficult for legislators and the public to review the work of previous sessions.

Bill Summary

This bill amends the Legislative Council bylaws to require the President to author a session summary at the end of their term. The summary will provide an overview of all legislation passed during the session and comments about other major events. The summary will be stored along with legislation from that term so that future legislators and the public can more easily find out information about the session.

THEREFORE, BE IT ENACTED by the Legislative Council of the University of Colorado Boulder Student Government, THAT:

Section 1: Add Article III.A.c.x which states:

“x. The President shall write and submit a session summary no later than two weeks after the conclusion of the session in which they reside over. The session summary shall include an appendix of all legislation passed during the session along with brief descriptions of each. Additionally, the summary shall include all major events that occurred during the session.”

Section 2: The bill shall take effect upon final passage in Legislative Council and upon either obtaining the signature of two Tri-Executives and the Legislative Council President or the lapse of six days without action by the Tri-Executives.
